

# November 24-26

# TAICHUNG

## The 2nd IEEE International Conference on Social Sciences and Intelligence Management Chaoyang University of Technology, Taichung, Taiwan

In the rapidly changing social environment of today's world, science and technology have been making unprecedented changes to people's perceptions and their ability to take on challenges. This has brought a deep impact on the fields of humanities, social sciences, and intelligence management. The conference "Social Sciences in a Changing World" intertwines social sciences with smart management, charting a route for the changing society, and opening up new issues and challenges for further exploration and dialog. We welcome experts, scholars, researchers, and PhD students with high research potential to submit their papers. If the submitted paper is within the scope of IEEE, it will be recommended for publication on IEEE Xplore® and included in the EI and Scopus databases. Papers in other fields shall be published after review by AIP journals (Scopus-indexed).
